

ORTHOPAEDIC ASSOCIATES OF ST. AUGUSTINE, PA.

April 1, 2008

Orthopaedic Associates of St Augustine recently hosted a medical seminar, *Advanced Technology in Foot and Ankle Surgery*. The course was taught by Kurtis Hort, MD with Orthopaedic Associates of St Augustine and Robert Anderson, MD with OrthoCarolina and highlighted the newest technologies and procedures in orthopaedic surgery of the foot and ankle. The workshop was sponsored by Wright Medical Technology and included both a presentation and hands-on demonstration. Over twenty surgeons from the southeast United States were invited to attend.
